- (c) The umpires shall stand at the same end as they stood during the match.
- (d) In both innings of the Super Over, the fielding side shall choose which end to bowl from. Whilst neither team is required to nominate either the batters or bowler prior to each innings, once the opening batting pair enters the field of play they are not permitted to be changed. Similarly, once a determination is made by the bowling team as to which end they will bowl from and the opening batters take their respective positions at each end of the pitch, they are not permitted to change ends. For clarity, this playing condition is designed to ensure that the fielding side may determine its bowling strategies based on which batters are opening, and then the batters can choose ends based on the bowling strategies.
- (e) Only nominated players in the main match may participate in the Super Over.
- (f) Each team's over is played with the same fielding restrictions as apply for the last over in the match.
- (g) The team batting second in the match will bat first in the Super Over.
- (h) The same ball used at the end of each team's innings in the match, or a similar ball if that ball is unsuitable for any reason, shall be used for its innings in the Super Over.
- (i) Each team shall bat for one over unless all out earlier. The number of batters is not restricted.
- (j) In the event of both teams having the same score in the Super Over, the result shall be a tie, and both team shall play another 'Subsequent Super Over' (see below).

4.16.4 Subsequent Super Overs

- a) In the event that the Super Over is a tie, then subsequent Super Overs shall be played until there is a winner.
- b) In normal circumstances any subsequent Super Over will start 5 minutes after the previous Super Over ends. The interval shall be 5 minutes.
- c) The team batting second in the previous Super Over will bat first in the subsequent Super Over.
- d) The fielding side must bowl its over in a subsequent Super Over from the opposite end to which it bowled from in the previous Super Over.

- (b) Whether or not a complaint or protest has been made or lodged, and in its absolute discretion, CNSW has the power to investigate the circumstances of any match in such manner as in its absolute discretion CNSW thinks fit.
- (c) After carrying out such an investigation, CNSW may determine that, regardless of whether or not a team or teams gained or attempted to gain points in a match, an action of a team:
- (i) was unfair and could have influenced the outcome of the match; or
 - (ii) was unfair to any other team.
- (d) CNSW's powers include, but are not limited to, the power to:
- (i) award a match to one team, or both teams jointly;

- (a) CNSW may investigate whether the pitch and ground for any match has been prepared both to the best possible standard, and as soon as is reasonably practical.

 - (i) the condition of the pitch and ground, both at the time and during previous matches;
 - (ii) weather conditions, both at the time and prior to the match;

- (a) A team that has breached the above Playing Condition may be deemed to have lost the match.
- (b) The opposing team may be deemed to have won the match.

4.16.13 Law 16.8 (Correctness of result)

In any match, the coach or manager shall be responsible for ensuring that the scorebooks are accurate. Where the scores of the match are in dispute, the coach or manager and umpires (if appointed) shall, at the conclusion of the day's play, investigate and verify the correctness of the scorebooks and determine the correct result before leaving the ground.

PLAYING CONDITIONS

NSW JUNIOR COMMUNITY CUP

 - (i) If the team fielding first fails to bowl the required number of overs by the scheduled time for cessation of the innings, play shall continue until the required number of overs has been bowled.
 - (ii) If the team fielding second fails to bowl the required number of overs by the scheduled time for cessation of the innings, play shall continue until the required number of overs has been bowled or a result achieved.

4.17.2 Maximum Overs per Bowler

- (a) No bowler shall bowl more than 4 of the total overs allowed in an innings. In a delayed or interrupted match, where the overs are reduced for both teams or for the team bowling second, no bowler may bowl more than one-fifth of the total overs allowed, unless such a number has been exceeded before the interruption. When an interruption occurs mid-over, and on resumption the bowler has already exceeded the new maximum over allocation, he will be allowed to complete the over.
- (b) If the total overs allowed is not divisible by five, one additional over is allowed to the maximum number per bowler necessary to make up the balance.
- (c) In the event of a bowler being unable to complete an over, another bowler shall bowl the remaining balls. Such part of an over will count as a full over insofar as each bowler's limit is concerned.

4.17.3 Loss of Playing Time

- (a) The object shall always be to rearrange the number of overs, so that both teams have the opportunity to bat for the same number of overs.
- (b) The finishing time shall be rescheduled by the amount of scheduled playing time lost.
- (c) The calculation of the number of overs to be bowled shall be based on an average rate of 3.5 minutes per over in the remaining time available for play. If a reduction in the number of overs is required, any recalculation must not cause the match to be rescheduled to finish earlier than the rescheduled finishing time. That time may be extended to allow for one extra over for both teams to be added if required.
- (d) The team batting second shall not bat for a greater number of overs than the team batting first, unless the team batting first has been dismissed in fewer than the agreed number of overs.
- (e) Incomplete or fractions of overs are ignored.

4.17.4 Minimum Over Rates

- (a) The bowling team must commence its final over for the innings within 70 minutes of that innings' commencement.
- (b) If the fielding team fails to bowl the minimum number of overs set out in 4.17.4 (a) above, 4.28.1 (f) shall be varied and from the start of the next over no more than 4 fielders shall be permitted outside the fielding restriction markings as outlined in 4.28.1 (a). (U12 and U13 - 3 fielders shall be permitted outside the fielding restriction markings)
- (c) For the purpose of timing the innings duration, the following allowances shall be taken into account:

4.21.1 Free Hit after any No Ball

- (a) The delivery following any No ball signal (Law 21) shall be a free hit for whichever batter is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of No ball or Wide), then the next delivery will become a free hit for whichever batter is facing it.
- (b) Changes to fielding positions for free hit deliveries are not permitted unless;
 - (i) There is a change of striker, or
 - (ii) The no ball was the result of a fielding restriction breach, in which case the field may be changed only to the extent of correcting the breach.

- (c) The ball passes above the head height of the striker standing upright at the popping crease.
- (d) The ball will be considered as passing wide of the striker unless it is sufficiently within reach for the striker to be able to hit it with the bat by means of a normal cricket stroke.

- (e) A delivery passing the striker on the off side outside the Off Side Wide Guideline (refer diagram supplement) shall be a Wide provided the striker maintains a normal batting position and has not brought the ball within reach. If, in the opinion of the umpire, the striker has brought the ball within reach, the Off Side Wide Guideline shall be disregarded and the umpire shall apply a general interpretation consistent with the normal operation of Playing condition 3.22.
- (f) Any delivery that passes the striker outside the return crease shall be a Wide regardless of whether the striker has brought the ball within reach.
- (g) A delivery passing the striker's stumps on the leg side without any contact with the striker's bat or person shall be a Wide unless

 - ii) the striker moves toward the off side and, in the umpire's opinion, the ball would have made contact with the striker in a normal batting position.
 - iii) the striker is attempting to play, or has aborted an attempt to play, a reverse sweep or switch hit. In this scenario only a delivery passing the striker outside the Off Side Wide Guideline on the leg side shall be a Wide.

- (c) The above restrictions shall not apply if the player has suffered an external blow (as opposed to an internal injury such as a pulled muscle) whilst participating earlier in the match and consequently been forced to leave the field. Nor shall it apply if the player has been absent for very exceptional and wholly acceptable reasons (other than injury or illness).
- (d) In the event of a fielder already being off the field at the commencement of an interruption in play through ground, weather or light conditions or for other exceptional circumstances, he shall be allowed to count any such stoppage time as playing time, provided that he personally informs the umpires when he is fit enough to take the field had play been in progress.

- (f) If an innings is interrupted during an over and if on the resumption of play, due to the reduced number of overs of the batting team, the required number of Fielding Restriction Overs have already been bowled, the remaining deliveries in the over to be completed shall not be subject to the fielding restrictions.
- (g) If play is interrupted not during the Fielding Restriction Overs, then on resumption, it is necessary to determine how many Fielding Restriction Overs is derived from table 4A. - (h) In the event of an infringement of any of the above fielding restrictions, either umpire shall call and signal No Ball.
