- b) Length of Break
- (i) The break between spells is to be a minimum of 30 minutes (including the luncheon and tea intervals and any interruptions to play).
 - (ii) A bowler who has bowled a spell of less than the maximum spell permitted for their age (defined in (a) above) may resume bowling prior to the completion of the necessary break, but this will be considered an extension of the same spell and the maximum spell limit for that age of player shall still apply. Following the completion of the extended spell, the normal break of 30 minutes between spells shall apply and the break within the spell is disregarded.
 - (iii) If a change of innings occurs, and a bowler commences bowling in the new innings within 30 minutes of bowling in the previous innings, this shall be considered an extension of the same spell and the maximum spell limit and daily limits for that age of player shall still apply.
- (c) Change of Bowling Type
- Where a bowler changes between medium pace (or faster) and slow bowling during a day's play:
- (i) if the bowler begins with medium pace (or faster), the bowler is subject to the Playing Condition throughout the day; and

- (d) (i) It is the responsibility of the fielding captain to ensure that this Playing Condition is upheld. The umpires will assist in maintaining records to enable the enforcement of this Playing Condition together with the Scorers of the match. Scorers must notify the umpires and fielding captain whenever a bowler reaches the maximum number of overs he may bowl without a break, and must notify the umpires immediately if a bowler starts (or is about to start) an over when he is not permitted to bowl under this Playing Condition.
- (ii) If the umpires become aware of a breach of this Playing Condition, when the ball is dead, they shall direct the captain to take the bowler off forthwith. If applicable, the over shall be completed by another bowler who shall have neither bowled the previous over nor be allowed to bowl the next over.
- (iii) Should a dispute or uncertainty regarding the application of this Playing Condition occur during play, the umpires shall make the final decision on its application based on information available from the Scorers and other sources.

Examples (all assuming bowlers aged 16, and bowling fast, unless otherwise indicated):

1. A bowler bowls 4 overs, and is taken off by the captain. He is brought back from the other end after 15 minutes. He may bowl a further 2 overs, after which he cannot bowl for at least 30 consecutive minutes.

PLAYING CONDITIONS 2025/26

GAME 5 – FINALS SERIES

2. A bowler bowls 5 overs, and is then taken off. He returns to bowl 75 minutes later. This is considered a new spell, and he can bowl 6 overs in that spell (subject to their daily limit).
3. A bowler bowls 4 overs, and the players then take a 40-minute luncheon interval. He resumes bowling on resumption (a total of 44 minutes since he last bowled. This is considered a new spell, and he can bowl 6 overs in that spell (subject to their daily limit).
4. A bowler who bowls 6 overs just prior to the end of a day can resume on the next playing day with a new bowling spell, and has a limit on that day of 20 overs.
5. A bowler bowls 10 overs of slow bowling, and then continues their spell, but bowls 2 overs of pace bowling. He then reverts to slow bowling. He is limited to a spell of 6 overs from the time he commenced pace bowling, after which time a break of 30 minutes is required before he can bowl further. The overs bowled prior to their pace overs are ignored totally from both their “bowling spell” and daily limits, but further overs of slow bowling after their pace overs are treated as though they were still being bowled at pace.

This caution shall apply throughout the innings.
- (h) If there is a second instance of the bowler being no balled in the innings for bowling more than two fast short pitched deliveries in an over, the umpire shall advise the bowler that this is their final warning for the innings. The umpire shall also inform the other umpire, the captain of the fielding side and the batters at the wicket of what has occurred.
- (i) Should there be any further instance by the same bowler in that innings, the umpire shall call and signal No ball and when the ball is dead direct the captain to take the bowler off forthwith.
