- (a) A result can only be achieved in a match if each team has had the opportunity to bat for a minimum of:
 - (i) First Grade, Second Grade and Brewer Shield: 5 overs notwithstanding one or both teams had been dismissed in fewer than 5 overs.
 - (ii) Third Grade: 10 overs, notwithstanding one or both teams had been dismissed in fewer than 10 overs.
- (b) In each First Grade match, the team scoring the higher number of runs is the winner except where the maximum number of overs to be faced by either team is reduced after the match has commenced. In such a match the “Duckworth-Lewis-Stern (DLS version 5.0) Method of Re-calculating the Target Score in an Interrupted Match” shall be applied.
 - (i) Each club must have the means to separately calculate the target score by the above Duckworth-Lewis-Stern (DLS version 5.0) Method with each club providing a computer.
 - (ii) In the event that the Duckworth-Lewis-Stern (DLS version 5.0) Method par or target score is not available to both teams at the beginning of the second innings or at the resumption of play following an interruption for ground, weather or light, the umpires shall immediately suspend play and investigate the matter.

As soon as the Duckworth-Lewis-Stern (DLS version 5.0) Method par or target score has been agreed and advised to both team captains, the umpires shall then resume play. If conditions permit, play will then continue until the prescribed number of overs has been completed or a result achieved.

The number of overs and/or time remaining shall be taken as they were at the originally scheduled or rescheduled time for play and any time lost whilst investigating the par or target score shall be added on to the close of play.
- (c) In each Second Grade and Brewer Shield match, the team scoring the higher number of runs is the winner except where the maximum number of overs to be faced by either team is reduced after the match has commenced. In such a match the “Duckworth-Lewis-Stern (DLS version 5.0) Method of Re-calculating the Target Score in an Interrupted Match” shall be applied. If this method is unavailable, the “Duckworth-Lewis-Stern” Calculator in the Play-Cricket Scorer App or PlayHQ E-Scoring, may be applied.
 - (i) Each club must have the means to separately calculate the target score by the above Duckworth-Lewis-Stern (DLS version 5.0) Method with each club providing a computer. If this method is unavailable, the “Duckworth-Lewis-Stern” Calculator in the Play-Cricket Scorer App or PlayHQ E-Scoring, may be applied.
 - (ii) In the event that the Duckworth-Lewis-Stern (DLS version 5.0), Duckworth-Lewis-Stern” Calculator in the Play-Cricket Scorer App or PlayHQ E-Scoring Method par or target score is not available to both teams at the beginning of the second innings or at the resumption of play following an interruption for ground, weather or light, the umpires shall immediately suspend play and investigate the matter.

As soon as the appropriate Method par or target score has been agreed and advised to both team captains, the umpires shall then resume play. If conditions permit, play will then continue until the prescribed number of overs has been completed or a result achieved.

The number of overs and/or time remaining shall be taken as they were at the originally scheduled or rescheduled time for play and any time lost whilst investigating the par or target score shall be added on to the close of play.

- (d) In any match in which both teams have had the opportunity to bat for a minimum number of overs as stated in 1.16.2(a) but have not had the opportunity to bat for the same number of overs, the result shall be determined as follows:
 - i. in each First Grade, match - by the "Duckworth-Lewis-Stern (DLS v5.0) Method of Re-calculating the Target Score in an Interrupted Match".
 - ii. in each Second Grade and Brewer Shield match - by the Duckworth-Lewis-Stern (DLS v5.0), by using the Play-Cricket Scorer App or PlayHQ E-Scoring calculator of re-calculating the Target Score in an Interrupted Match
- (e) Where a team is dismissed before it has received its maximum number of overs, it is deemed to have received its maximum number of overs.
- (f) Third Grade only

In any Third Grade match in which both teams have had the opportunity to bat for a minimum of 10 overs but have not had the opportunity to bat for the same number of overs, the results shall be determined by the run-rate of each team
- (g)
 - (i) A team's run-rate is calculated by dividing its total number of runs scored by its total number of overs received.
 - (ii) For the purposes of run-rate calculations, each fair delivery bowled counts as one sixth of an over.
 - (iii) Where a team is dismissed before it has received its maximum number of overs, it is deemed to have received that number of overs.
 - (iv) The team with the higher run-rate wins the match, regardless of the number of wickets that it has lost.
- (h) Subject to 3.16.1 (c), a match shall cease when the team batting second passes the total number of runs of the team batting first, or is dismissed, or it receives its maximum number of overs, or has reached its recalculated target score, whichever occurs first.
- (i) In the event of a tied match the teams shall compete in a Super Over to determine the winner. Refer to 3.16.3.

The following procedure will apply should the provision for a Super Over be adopted in a match.

- (a) If a match is a tie, including by the Duckworth-Lewis-Stern (DLS version 5.0) Method, then the teams shall contest a 1 over per side Super Over.
- (b) Subject to the fitness of ground, weather and light, the Super Over shall commence 5 minutes after the conclusion of the match, at the same ground and using the same pitch.
- (c) The umpires shall stand at the same end as they stood during the match.
- (d) In both innings of the Super Over, the fielding side shall choose which end to bowl from. Whilst neither team is required to nominate either the batter or bowler prior to

each innings, once the opening batting pair enters the field of play they are not permitted to be changed. Similarly, once a determination is made by the bowling team as to which end they will bowl from and the opening batter take their respective positions at each end of the pitch, they are not permitted to change ends. For clarity, this playing condition is designed to ensure that the fielding side may determine its bowling strategies based on which batters are opening, and then the batter can choose ends based on the bowling strategies.

- (e) Only nominated players in the main match may participate in the Super Over.
- (f) Any penalty time, warnings or suspensions being served in the main match shall be carried forward to the Super Over.
- (g) Each team's over is played with the same fielding restrictions as apply for the last over in the match, *that is a maximum of 4 players outside the fielding circle, even if the power surge (floating power play) play has been taken or is in effect for the last over of a match.*
- (h) The team batting second in the match will bat first in the Super Over.
- (i) The same ball used at the end of each team's innings in the match, or a similar ball if that ball is unsuitable for any reason, shall be used for its innings in the Super Over.
- (j) Each team shall bat for one over unless all out earlier. The number of batters is not restricted.
- (k) In the event of both teams having the same score in the Super Over, the result shall be a tie, regardless of the number of wickets lost.
- (l) In the event that the Super Over is unable to be completed due to the fitness of ground, weather and light, the result shall be a tie.
- (m) Third Grade and Brewer Shield - The super over shall continue until six fair and legal deliveries have been bowled – subject to 3.16.3 (j)

- (d) A delivery passing the striker on the off side outside the Off Side Wide Guideline shall be a Wide provided the striker maintains a normal batting position and has not brought the ball within reach. If, in the opinion of the umpire, the striker has brought the ball within reach, the Off Side Wide Guideline shall be disregarded and the umpire shall apply a general interpretation consistent with the normal operation of Playing condition 3.22.
- (e) Any delivery that passes the striker outside the return crease shall be a Wide regardless of whether the striker has brought the ball within reach.

 - ii) the striker moves toward the off side and, in the umpire's opinion, the ball would have made contact with the striker in a normal batting position.

Refer Fielding Restriction Overs table 3A on page 32.
- (d) In circumstances when the number of overs of the batting team is reduced, the number of Fielding Restriction Overs shall be reduced in accordance with Table 3A on page 32.
- (e) Where, in an interrupted innings, on resumption the recalculated number of Fielding Restriction Overs (as set out in table 3A) is no longer achievable, the actual number of Fielding Restriction Overs for that innings will be the closest achievable whole number.

3.28.5 Movement by the Fielder other than Wicket-Keeper

Any movement by any fielder, excluding the wicket-keeper, after the ball comes into play and before the ball reaches the striker, is unfair except for the following.

A fielder is moving to a position to avoid a fielding restriction breach after the ball has come into play but before the ball has been delivered and if, in the umpires' opinion, such movement has arisen through seeking to correct an oversight rather than a deliberate attempt to obtain an advantage.

3.28.6 Protective Equipment – The Fielder

Any player must wear protective equipment at all times while fielding within 10 metres of the striker, except when fielding behind the wicket on the off-side, or as a wicket-keeper standing back. Such protective equipment is defined as a helmet with a grille (Refer to SCA Helmet Policy).

- (c) The Umpire at the bowler's end shall advise the bowler and the batter on strike when each fast short pitched delivery has been bowled.
- (d) In addition, for the purpose of this regulation, a ball that passes clearly above head height of the batter, other than a fast short pitched ball as defined in 3.41.1(b), that prevents them from being able to hit it with their bat by means of a normal cricket stroke shall be called a Wide.

- (e) For the avoidance of doubt any fast short pitched delivery that is called a Wide under this playing condition shall also count as one of the allowable short pitched deliveries in that over.
- (e) In the event of the bowler bowling more than one fast short pitched delivery in an over as defined in 3.41.1(b), the Umpire at the bowler's end shall call and signal No Ball, on each occasion. - (i) The umpire shall report the occurrence to the other umpire, the batters at the wicket and as soon as possible to the captain of the batting side.

In addition, when the ball is dead, the Umpire shall caution the bowler, inform the Captain of the fielding side, the batter at the wicket, and the other Umpire of what has occurred. This caution shall apply throughout the innings. For the avoidance of doubt, in third grade matches, the bowler's end umpire shall call and signal No Ball on every instance of a fast short pitched delivery bouncing above the shoulder (including above the head) of the striker standing upright in their normal guard position at the popping crease.
- (d) If there is a second instance of the bowler being no balled for bowling a fast short pitched delivery in the same innings, the Umpire shall repeat the procedure in 3.42.2(c) and advise the bowler that this is their final warning.
- (e) Should there be any further instance by the same bowler in that innings, the Umpire shall call and signal No Ball and, when the ball is dead, direct the Captain to take the bowler off forthwith. If necessary the over shall be completed by another bowler, who shall neither have bowled the previous over or part thereof nor be allowed to bowl the next over or part thereof.
- (f) The Umpires will then report the matter to the SCA which shall take whatever action is considered appropriate against the Captain and bowler concerned.

- (f) The umpire shall report the occurrence to the other umpire, the batters at the wicket and as soon as possible to the captain of the batting side.

3.41.4 Deliberate bowling of non-pitching deliveries.

If the umpire considers that a high full pitched delivery which is deemed dangerous and unfair as defined in clause 3.41.3 (b) was deliberately bowled, then the first and final warning process shall be dispensed with. The umpire at the bowler's end shall:

- (a) Call and signal No ball.
- (b) When the ball is dead, direct the captain to take the bowler off forthwith.
- (c) Not allow the bowler to bowl again in that innings.
- (d) Ensure that the over is completed by another bowler, provided that the bowler does not bowl two overs or part thereof consecutively.
- (e) Report the occurrence to the other umpire, to the captain of the batting side and the SCA who shall take such action as is considered appropriate against the captain and the bowler concerned.

3.41.5 Bowling of dangerous and unfair short pitched deliveries

The bowling of short pitched deliveries is dangerous if the bowler's end umpire considers that, taking into consideration the skill of the striker, by their speed, length, height and direction they are likely to inflict physical injury on him/her. The fact that the striker is wearing protective equipment shall be disregarded.

As soon as the umpire decides that the bowling of short pitched deliveries has become dangerous under the paragraph above, he/she shall call and signal No ball. When the ball is dead, the umpire shall caution the bowler, indicating that this is a first and final warning, and inform the other umpire, the captain of the fielding side and the batters of what has occurred:

Should there be any further such delivery by the same bowler in that innings, the umpire shall

- (a) call and signal No ball
- (b) when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling
- (c) inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

The umpire shall report the occurrence to the batters and, as soon as practicable, to the captain of the batting side.

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to the SCA, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

- (c) The umpires shall report any breach of this Playing Condition to the relevant captain at the end of the day's play.

3.42 LAW 42 (PLAYERS' CONDUCT)
